FINDS BALM IN CRUEL FATE

"Thank God they were my own sons," said Dr. Byron L. Hargrave, of Cambridge, Calif., fighting to save the life of his boy, Bobby, 7, dangerously ill from contaminated and outlandish panacea known as "Finds Balm in Cruel Fate," which caused the death of Jackie, 2, his baby brother. Both boys, in good health, were inoculated to safeguard them in the California epidemic of diphtheria.

Dr. Hargrave, when left in a recent visit with Bobby, who is now recovering from diphtheria, said that he had lost two of his children.

Many Attended Family Reunion

BLACKBURN HARDY FAMILY REUNION WAS HELD AT EX-BRIDGE ON MONDAY.

About one hundred and forty relatives gathered at Ex-Bridge on Monday, July 2nd, to celebrate their common family reunion. A seventy-five-foot table was beautifully decorated with white and blue paper and couples of peonies, roses, carnations, lilies, English buttercups and lilies.

During the afternoon food was served by the sports committee, prizes being given to the winners of each class. A football game, narrowly won by single carried a great deal of interest. The winners of this event winning a silver pitcher.

After the games Mr. Jack Oldfield, of Toronto, venturously endeavored in guessing manner the children as well as the grown-ups with his two talking dolls.

A very tempting supper was afterwards served by an Ex-Bridge lady with the aid of several helpers. Five gallons of ice cream were served as a dessert.

On the evening a meeting was called to order by the president, Mr. Isaac Hardy of Hampton. The main speaker, Mr. Richard Webster of Pictou, P.N.S., now eighty eight years of age and the oldest member present, gave in his usual manner a very interesting address. His wife now eighty three years of age was also present. Mr. Arthur Hardy, manager of the Goodspeed ship at Bonaventure also gave an address. Miss Letia E. Knight of Oklawaha, the secretary, gave her report and read several letters from relatives who were not able to be present on the occasion. One letter from an only child relative formerly Miss Minnie Davidson, of Meaford who had the honor of being the first blind person in Canada to successfully operate a typewriter.

Relatives were present from Oklawaha, Bonaventure, Newcastle, Ontario, Hamilton, J.A. Pictou, P.N.S., Lindsay, Cambray, Peterboro, Balm Lake, Greenhill, Port Perry, and Prince Albert.

-WHY-

Why do so many outstanding men in various walks of life appoint a Trust Company to act as Executor of their Estates?

Because they know that it is false economy to try and save in Executor's fees by appointing a friend or a member of the family.

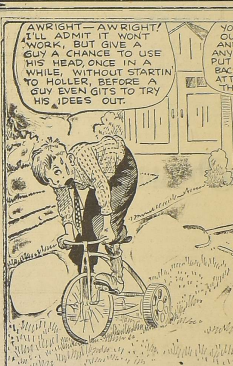

The Trust Company's fees are no more than allowed the private Executor and in the Trust Company you have the assurance of business-like administration.

WE INVITE YOU TO CALL AND TALK OVER YOUR ESTATE PROBLEMS WITH US IN CONFIDENCE

AWRIGHT!—AWRIGHT! I'LL ADMIT IT WON'T WORK, BUT GIVE ME A CHANCE TO USE MY HEAD. ONCE I'M IN WHILE, WITHOUT STARTING TO HOLLER, BEFORE A GUY EVER GETS TO TRY HIS DEES OUT.

YOU WEAR YOURSELF OUT ON YOUR IDEAS, AND THEN I CAN'T ANY WORK OUT OF YOU! BUT THAT DOESN'T BACK UP IN THE AIR! THAT LAIN OUT.

WHY MOTHERS GET GRAY.

Orillia Will Vote On July 20 On Minden Power Project

ORILLIA, July 20.—Last week the Water, Light and Power Commission received word from the railways concerning the by-law, as it is anticipated they will there will be no objection to the contract, and getting to work. The Government's proposal of money for the Orillia Municipal Corporation is a good one, and will be sent in the first of December, and every day counts now in reducing costs.

The need for the Orillia Municipal Corporation was shown during the past month by the fact that for some days the Commission has been purchasing over 1,000 h.p. from the Hydro Electric Commission. The load of 500 or 600 h.p. will be added to the present demand.

In the estimate prepared by Mr. McNicoll for the Municipal Board at their request, showing the estimated repairs and expenditures for 1934 and 1935. It was shown that the new plant would cost within a couple of thousand dollars of paying its way, including the cost of the plant, the machinery, and the labor, in the former year, and that in 1934 it should show a surplus of \$10,000 or \$12,000 over the charges, at present rates.

By the time being I am only signing "L". I cannot receive your reply to this at the present but if you accept my proposition you may send a telegram to a person of my acquaintance who will safely deliver it to you.

In his address: Arturo Gaxiola, Hotel Roma, Guadalajara, Jalisco, Mexico.

COOL OFF
By Cooling Your Blood
It is when the hot feelings rise inside of you that you get the "heat". Take a cooling, invigorating glass of Benson's Liver Salt with each meal. Taken with a glass of water, it keeps you cool, and an immediate indication of relief, because it is not only a blood purifier, but a kidney and a liver tonic, and a means of cooling your blood.

You will find that Benson's Liver Salt is a most effective remedy for all the ailments that are caused by a hot blood. It is a most effective remedy for all the ailments that are caused by a hot blood. It is a most effective remedy for all the ailments that are caused by a hot blood.

"Spanish Prisoner" Writes Letters From Mexican Jail

Old Fraud Is Revived; Any One Receiving Letters Should Give Them to Police

PROMISES FORTUNE
A letter purporting to be from a man imprisoned in Mexico, promising large sums of money to the person who helps release him, has been received by a Lindsay firm and forwarded to police.

Local Contractors Improve Store For Desmarcets Ltd.

Desmarcets Limited, an all-Canadian chain of department stores selling a range of merchandise from five cents to five dollars, has started alterations in the building formerly known as the Bonifait store on the North side of Kent, and operated for many years by Bonifait and Bon before moving into their new premises on the South side of the street.

The work in connection with the extensive alterations which the new

firm is carrying in the building is being met out by local labor, the general contracting being done by C. G. McNamee, of Wood's Roofing by S. Howe, Electric Wiring by P. Peckham, Painting by A. McPherson. Heating is being held in abeyance for the time being.

The store will be the first of its kind to open in this district and it is expected that it will be completed and in operation the latter part of August.

Three Ladies Enjoy Lengthy Motor Trip

Mrs. MARGARET PETERSON, of Salem, Oregon, is spending a couple of weeks visiting friends and relatives in this section. Miss Peterson and her life friends are on a motor trip and since leaving home have covered over three thousand miles. From here they leave for Eastern Canada, going as far as St. John's. They expect to travel in all some seven thousand miles before returning to their homes.

OBITUARY

FREDERICK J. BARNSTABLE JANETVILLE, July 4.—(Staff Correspondent).—The death of Frederick J. Barnstable, which occurred on Monday night, June 24th in the Hospital at Port Perry, came as a great shock to his many friends and acquaintances in and around Janetville.

The late Mr. Barnstable who was fifty-eight years of age had enjoyed fairly good health until last Thursday, when he became ill, and growing worse, was taken to the Hospital, where he passed away, about half an hour after entering.

Deceased came to Canada from Exeter in Devonshire, England, some thirty years ago with his wife who died a few years ago and settled on a farm in the Township of York, about seven miles from Toronto, where he remained until sixteen years ago, when he came to Janetville and bought the farm which is now the property of John McCre. He remained there for thirteen years, finally moving with his family to a farm near Yverdon, where he was residing until the time of his death.

Mr. Barnstable was widely known, liked, and was one of the best and kindest of neighbors. He was a member of the United Church in Janetville and for some years was secretary of the Sunday School. He was also a school trustee for about nine years and chairman of the board for a term.

The deceased is survived by one sister, Mrs. J. Pickforth at Thon, and nine children, five of whom are still living, with her parents, two girls, Jack, Gordon, Percy, Stanley, Edgar, Ernie, Bruce, Gladys and Verna. The funeral will take place from the family residence on Thursday June 28th at 2 p.m. The large number of friends and floral tributes bearing the esteem in which the deceased was held.

Services were conducted by Rev. W. C. Smith, pastor of the Janetville United Church, who read words of comfort to the bereaved family and read Mr. Barnstable's favorite hymn, "Jesus call us over the tomb."

The pit-bearers were his six oldest sons and he was laid to rest beside his late wife in the Janetville Cemetery.

The sympathy of a wide circle of friends and acquaintances is extended to the bereaved family in their loss of a well-beloved father.

NEWSPAPERS CARRY THE FAST WORD OF IT TO THE CONSUMER

A Parade of Ceaseless Work

... a sign of triumphant industry marching ahead; truly a thought to make us ponder, but our constantly fulfilled expectations have helped us grow callous to that upon which our daily bread depends! There is life behind it—the unending struggle for existence. An epic in which the whole range of human effort is loosed every day. Allied with it, we have the record of perseverance, high ideals, and a system of co-ordination which have taken generations of progress to perfect.

We have FIRST—the group who force the earth itself to give up its goods. SECONDLY—those who take this material and make, mould or pack it into the form which civilization demands. THIRDLY—the men who transport this merchandise to the widely-located distributing points . . .

MYSTERY OF KILLING IS BELIEVED SOLVED

Montreal Police Allege Two Confessions Secured In Sasse

Death

MONTREAL, July 3.—Evidence, police believe, solving the mysterious killing of Nicholas Sasse, 34-year-old employee of the City of Westmont, whose body, bearing marks of a brutal stabbing, was found on railway tracks near Blue Bonnets on Friday last, will be presented to the Coroner's jury tomorrow. The police claim to have secured confessions from two men

flourishing how and when the murder was committed.

Four persons, two men and two women, being held by the police as material witnesses, will be present at the Coroner's inquest.

The funeral service was held at Green United Church, the cortege proceeding to Westbury where his wife, the late Carrie Barnstable, was buried.

The late Mr. Ross was well known

in Trenton and district and was held in the highest esteem by all in the community. Kind and charitable in all his words and deeds, he was beloved by the poor. Normal Times

Normal times is what the average man means the period when everyone has a job paying good money which he doesn't have to sweat for. For a new place, new car, groceries, rent, and daughter's singing lessons—have been discussed in many papers. This has been said for some years back of steps that would have to be taken to bring a return of normal times and of further steps that would be taken at that time to prevent a return of present difficult financial conditions.

It is written in the *Kitchener Record* suggests that "they will not return to normal until people realize that the easy money period is over and that it is a very short and simple sentence, but it is worth a bit of deep thought."

Overcoming Obstacles

An odd story from Australia says that the whole country is amused at a complication caused by the resignation of the Duke of Gloucester for Prince George as the royal visitor for the forthcoming coronation celebrations at Melbourne.

His Majesty the Emperor, the millionaire Australian, chocolate manufacturer, prepared a special list of chocolates to mark the centenary celebration.

He commissioned one of the most famous and expensive Australian artists to design the list of the names—the design to incorporate a portrait of royal visitor for the occasion. Thousands of boxes were prepared.

Then came the startling news that Prince George's visit was cancelled.

His Majesty the Emperor, the millionaire Australian, chocolate manufacturer, prepared a special list of chocolates to mark the centenary celebration.

It was announced that the Duke of Gloucester would go instead.

This created a problem for the Emperor, but his resources were equal to the problem. He had an idea. Once-sharpened Prince George's naval uniform was to be transformed into his mounted soldier's uniform.

Fifty artists were engaged. Working day and night they painted thousands of mounted soldiers in the uniforms of Prince George, at the same time transforming his naval uniform into that of a hunter.

So in due course Melbourne will have her chocolate in boxes appropriate to the great occasion, but think how unfortunate it would have been if the brother with the mounts had been the eldest brother instead.

POSTALS

The Kingston *Wing-Standard* says "it looks as if Premier Healey would be a Hydro transformer." But they frequently burn out at inopportune moments.

The decision was made a month ago Thursday. And the thing we must note about the campaign is "The Straight Purge" that charming society paper which has ceased coming since our subscription ran out.

Reservation Indians recently pointed out that while people believe they are bathing in the mud in the early days melted Europeans in the cold months exposed wonder that the almost naked Indians didn't freeze. The Indians explained this by saying: "While man's face (uncovered) not cold! Indian face—covered!"

A woman of 60 in the Lindsay district was lost in the bush for two days and two nights when she went to pick berries. When found she was exhausted and had suffered no hardship. Had the suggestion been made previously that she might do such a thing she probably would have said it was not of her question—*Stratford Beacon-Herald*.

A 3 CUCKOO TOWN
(Chicago Daily News)

Scott City, Kas. There's a town for you! Like other towns it has gone broke, but instead of running to Washington, Scott City goes back to nature. Scott City says its fingers at the power trust, it is the BPC and the PWA will be unable to pay its light bill, it remembers the moon. Hereafter lunar lighting when there is a moon—will prevail on its streets and lanes.

At last a 3 cuckoo town like yours try to keep up with the Joneses and will go to bed at 9 o'clock. It has been a long time since America witnessed such civic courage. It was many a year ago that the burgomaster Zolpeltorn of 2 p.m. St. Louis defied a high light rate with the challenge, "We got the moon yet, ain't it?"

History of Thorah Was Recounted

(Continued from Page One)

Cameroon was told that the village had been named after the village had then much of an existence and were just known by their present names. The roads through the township were closed.

George Proctor came in 1833 and settled in the village. He was a miller, his was the second store opened in the place the first was Kenneth Cameron in 1830 when the place was called Milton. Charles Robinson, in whom reference was made was called "many years before of the Township. He was a miller, his was the second store opened in the place the first was Kenneth Cameron in 1830 when the place was called Milton.

In the same year the Titles and John McKay, for many years Township Clerk, came in, up to 1833 there was no post office near the place. The late Col. Cameron, of the 50th Infantry settled on a acre and along the lake about one a mile and a half north of Georgetown in the year 1833. The office with the Government on a road at the place then known as Beaver Creek.

The Postmaster was Mr. Ellis, who afterwards erected a carding spinning and dyeing establishment. The taxes in 1834 payable to the Home District, only amounted to 14 pounds 15 shillings. The progress of the Township can also from this until the present time of the Home District Council, hard toll small repairs, distant markets had roads, and for prices, had all to be encountered, on the establishment of the old Home District Council.

Col. Cameron was the first representative. Aided by Mr. Perry, from the front he succeeded in obtaining several grants.

of money for the improvement of roads. This timely solicitation gave an impetus to much needed improvement in the state of road making.
The County Council afterwards helped, and the Township made liberal grants from year to year in the same direction until Township is now supplied with roads and bridges needed to secure in the County. The granting of a bonus of \$60,000 to the Midland Railway from Lindsay to Beaverton was voted in 1908. From that time forward, the progress of the Township, and Village of Beaverton, has been marked. Farm lands have been divided in value, and portions of the Township previously considered worthless, have since taken up, and in a large part settled and improved.
George Proctor, Esq., represented the Township in 1833 and in 1832 Mr. Robinson, Esq., Col. Cameron, and took no part in establishing the two Counties of Ontario, and making the Township County.
In religion, Thorah, after its settlement, has been largely Presbyterian. The first Presbyterian congregation was organized in 1823, and the first church, a stone edifice was built in 1841. It is built on a 100 acres from the Crown. The Rev. David Watson became its first minister in 1833, and continued until 1864, a period of 31 years. There was a nest Roman Catholic Church built on the West Hill of Lot 11, Concession 4, also a grant of 100 acres from the Crown.
The Canada Presbyterian congregation has recently erected a brick building, an ornament to the place. The Episcopalian and Methodist have neat brick churches in the village.

Mr. A. W. Waddell Buys Property

An important real estate deal has just been completed, and announcement is made that Mr. A. W. Waddell has purchased the property occupied by The A. Waddell Cigar and Luncheon Co., including The apartments, etc., from Mrs. C. H. M. Baker.

The new warehouse has been built on the corner of King and Lindsay Rivers, with the lumber yards and buildings in the rear and also the coal and fuel buildings on the south side of King Street, opposite the office building.

The new warehouse has been built on the corner of King and Lindsay Rivers, with the lumber yards and buildings in the rear and also the coal and fuel buildings on the south side of King Street, opposite the office building.

"Planting mill machinery is operated in all of the buildings in the lumber yard here lumber is dressed, ripped, etc., to fill the requirements of builders."

"The acquisition of this property with the addition of the new warehouse, the new grain elevator and the new lumber yard and the new Cigar and Luncheon Co., a very complete and up-to-date plant."

MILLBROOK WINS NIGHT LACROSSE

MILLBROOK, July 19.—(Staff Correspondent).—Port Hope defeated the local team last night.

The game was played under the flood lights, being a record of three twenty minute periods. Millbrook seemed to have the edge but had to fight hard to retain that advantage. Gray scored for Port Hope in the first period.

Gray scored for Port Hope in the first period. Millbrook did likewise and retained much applause from the crowd of fans. D. Caraccia of Port Hope scored in the second period, making a pair, and scored a wonderful shot for the local team. Hard play continued until the rest of the period and Johnston of Port Hope scored before the season ended, making it three to two in Millbrook's favor.

Gray checking and hard play made up the second period, each man shadowed their opponents and play was almost impossible, however on a hard earned shot, Nat Rennie of Millbrook scored. During the period, the local team suffered an injury.

The third and last period started off with a bang when Gray of Millbrook scored. Port Hope's Gray came down and after a hard battle Caraccia, scored a tidy hit on goal. Gray of Millbrook, then scored two in rapid succession and was certainly the goal getter of the night.

Orono Man's Suggestion Concerning the Railways

Dr. Johnston Is To Retire From Church

Complains That Railways Have Not Advanced Any To Meet Changing Conditions

COULD COMPETE
To the Editor of The Post: Dear Sir: We have been given to understand that the Canadian National Railway is planning to cut off all the feeding lines that are not paying, and we are to the conclusion that the lines from Peterboro to Port Hope, from Port Hope to Whiting, and Whiting to Lindsay would be among those lines cut.

The public Association of Ontario held a public meeting at the hotel, before the meeting was, if Mr. C. N.R. would give us reasonable passenger service, and if the C.N.R. would give us reasonable freight service, and if the C.N.R. would give us reasonable truck service, we would support the railway. The railway is the only one that can make any of these things.

It is mentioned at the meeting that the railway is the only one that can make any of these things.

They Got Off Easily

The Lindsay Post carried a story dealing with the exchange which is now being charged on United States currency. When bills are presented it is customary to charge between two and three per cent, on them. Merchants say it is necessary for them to do this because when they take the bills to the bank they are discounted there.

The Post continues that "This exchange, however small it may be, must prove embarrassing to our American cousins, who are commuting over here. They purchase their necessities from a store, and the merchant is obliged to charge them exchange, because the bank charges him. The bank is forced to charge him, because it is a duty, considering the amount of money that is turned over each day, it can be readily seen that it would be a large item."

All bank transactions are common in the Canadian, who crosses the line, and the amounting part of it is that it is not necessary to go far south before the picture changes the Canadian money begins. It does not take long before one is driven to the conclusion that the people in business in United States do not carry their money at any price.

United States tourists who have to pay a premium in Canadian money are getting off easily. Canadians have often had to pay from 15 to 20 per cent, for American funds, and they have also found that in Canada when exchange was about at par their money was considered no good and regarded with suspicion when they tried to pass it across the line.

The Post's Standing

Editorial: The Post's Standing, Thursday.

The latest report from the Dominion Press Clipping Bureau shows that in the months of April, May and June The Lindsay Daily Post was quoted 295 times, editorially from this paper being frequently mentioned in Ontario daily and weekly newspapers, and also traveling from coast to coast. Or the 101 daily papers in Ontario, 77 daily Mail and Empire, 144, 81, Niagara Times-Journal, 131, Stratford Beacon-Herald, 130.

The papers from 35th place to 46th, showing the big company in which The Post finds itself, are as follows:

OUT OF OUR WAY

WHY, MISTER, WHY GOT YOU GREEN APPLES CUT UP IN ORCHARD? ARE THEY WORTH?

YES, HOW YOU CHARGE US FOR THEM ANY MORE?

Gaudy Cars Safest

A scientific reason for abandoning the present black, dark green and other conservative colors for a bright yellow body and a black hood. This provides not only average visibility but contrast against a light colored wall, the sky or any other bright background, the black hood is conspicuous. At dusk, on badly lighted streets at night or against any dark colored object the yellow body stands out visibly.

The reason is great visibility and more safety on highways. However by some of his own narrow escapes that dark-colored car may be extremely difficult to see. Capt. Lievelty-Kahn has changed to a car having a bright yellow body and a black hood. This provides not only average visibility but contrast against a light colored wall, the sky or any other bright background, the black hood is conspicuous. At dusk, on badly lighted streets at night or against any dark colored object the yellow body stands out visibly.

The captain need not claim that this particular yellow and black combination is the only one suitable or even the best one. — Bradford Sun.

PRESS OPINIONS

AN ADMIRABLE PRACTICE

Windsor Daily Review

The people want to know what is going on and the only way that can be done is through the newspaper. "Over-Confident" relations of Roosevelt with the press has not hurt him nor will it injure Premier Bennett in Ontario. It is to be hoped that the new Premier will continue to be unafraid of taking the public into his confidence. The people have a natural desire to know what is being done with public business.

WHAT A MILLION TIMES MEANS

St. Thomas Times-Journal

An Old Country paper in its alarm over the "Toll of the Road" says: There would be barrenness on our roads if people today had the senselessness to invest unnecessary expense and pain of former days."

It gives some figures: 154 killed per week; 8,000 per year. Casualties show of immediate death, 4,000 per week; 220,000 per annum; and 1,200,000 in a period of four and one-half years, the length of the Great War.

In order to enable people to realize what a million is the following illustration is used: "Ringo Jones was born in Bethlehem, one million days he now has passed since the birth of September, 7th, and is over 300 years old to us now."

The article concludes with the question regarding the increase of danger when good times return and more people have cars or ride hilariously in the buses.

Anniversary Was Marked in Eldon

MANITOBA GLOBE, July 26.—(Staff Correspondent).

A very large crowd of interested listeners attended the anniversary service of Eldon St. Andrew's Church on Sunday, July 22. The Rev. S. Lawrence, of Rutherford, who has been a former minister in this church, conducted the morning and evening services.

In the morning Mr. Lawrence preached a very impressive sermon concluding as his text John chapter 16, and a dwelling on the question of the future of the church.

In the evening the service was held in the gymnasium of the church.

That Body of Yours

By James W. Butler, M.D.

HEAT CRAMPS DUE TO LACK OF SALT

You read often about sunstrokes and heatstrokes, but I do not see generally known that heat can cause cramps.

Probably you know that extreme heat can cause cramps in the muscles or heat cramps. The cause of these heat cramps is thought to be due to the great loss of salt from the body, which comes away in perspiration during heat, hot weather or when hard work or exercise is done in the heat.

The salt in the food and in the juices of the body appear to remain always at the right or proper amount, despite extreme evaporation, but as salt goes out in perspiration the salt is taken from the tissues of the body to supply the blood and juices.

It has been established that in a healthful individual body of salt is not kept in the body until it has its proper supply of salt.

As sweating takes place one drinks only enough water to keep the proper amount of salt in the blood and tissues. The weight does not come back to normal until the proper amount of salt is back in the body, at salt holds several times its own weight of water.

When a sufficient amount of salt is taken away, or severe sweating occurs, serious consequences may develop as shown by the study of heat cramps.

Five cases of heat cramps at Boulder City were studied in hospital by Drs. A. V. Rock and D. B. Hill, recorded in the New York Medical Journal.

These physicians found that in these cases there was a serious reduction in the amount of salt in the blood brought about by excessive sweating and not taking enough salt.

In every case within a few hours after salt in solution was injected into the veins, complete relief from muscle cramps occurred.

The prevention of heat cramps during hot weather, or when working in a heated room, requires good food, plenty of salt, enough sleep, and a balanced diet, containing plenty of salt. It may be necessary to take an amount of potassium salt, such as a dessert or tablespoonful of salt daily, depending upon the amount of perspiration that occurs.

In addition to taking salt with the food, it may be necessary to drink water with a little salt in it, or to take coarse table salt, containing a quarter teaspoonful of salt in each glass. There is particularly a close connection between the amount of salt in the blood and the feeling of thirst.

TALKED ON
"MAN'S REAL SERVICES"
 JANETVILLE, July 25.—(Staff Correspondence).—Most enjoyable and of exceptional interest, was the service which was held on Sunday evening at the Presbyterian Church. There was an splendid collection and the church looked very festive with large bouquets of flowers and the sun, shining in the West, casting a bright glow through the interior of the church.
 The Rev. Victor Walker, Pastor of the church, delivered a short talk on "as he termed it, a sermonette, his subject being, "What is a Man's Real Service?" He said the last letter of "time" is the first letter of "eternity" and that real success is to disregard material things and to have a home where love and loyalty to Christ abide. The environment of a Christian home makes for success and is the greatest inheritance that can come to a boy or girl.
 The music was exceptionally fine, and a real treat, being supplied by the Rev. Walter Weston, Mrs. B. C. Fisher, her husband, and daughter, Mr. Marjory, of Trenton, New Jersey, where Mr. Fisher is a solicitor and Mrs. Fisher is organist in the Grace Street Baptist Church. The number was a solo, "We'll Sing Goodnight, Here, But Good Morning Up There," by Mr. Fisher.
 Dr. James Goss, with Mr. J. J. Goss, was the anthem, sung by the girl choir, after which an evening prayer was sung, in splendid voice, by Mrs. Marjory Fisher, a young girl of fourteen years.
 The next number was a trio, by the Fisher family. "The City Fragments" and the last, a duet, "Have You Counted The Cost," by Mr. and Mrs. Fisher. Mr. and Mrs. Fisher had been invited to sing in Toronto on Sunday, but turned down the invitation, in order to be able to sing for their Janetville friends, who thoroughly enjoyed and appreciated their sweet music.
 The Rev. Walker announced that they would be to service next Sunday evening, to the anniversary service at Newton, when the Rev. John Lindsay, of Wm. J. Goss, will be the speaker, and special music will be supplied by the Bowmanville Male Quartette. He also announced (occasional services) at Balluff, next Sunday, July 29th, when the speakers will be the Rev. John Lindsay and the Rev. Dr. Barr. There will be no church service during the month of August, as the Rev. Walker and family will be on vacation.
BURNT RIVER
 BURNT RIVER, July 25.—Mr. and Mrs. C. Hunt and children are visiting Mrs. Hunt's mother, Mrs. H. B. Riddle, and other relatives.
 Mr. Theo. Stanton, of Kitchener, is spending a week at the home of Mr. and Mrs. Robt. Handley.
 Betty Pickling is the order of the day here, both blackberries and raspberries being a fair crop.
 Master Billie Brown, of Kilmorris, is spending a holiday with his aunt, Mrs. Leah Smith.

CENTENNIAL CELEBRATION IS FINISHED
 HAD REGISTRATION ROLL OF MORE THAN 60 NAMES AT ANTSOCK SCHOOL ANNULARY.
 MANILIA, July 26.—(Staff Correspondence).—The program for the centennial celebration at Antisock was continued on Monday afternoon with almost as large an attendance as on the previous day. It commenced with the singing of "The Maple Leaf Forever," which was heartily sung. As the program for the day was given out, community singing was enjoyed as an interlude.
 Being mainly a Scotch settlement, the Gaelic language was heard more or less by the older residents and the teacher of course (read it) to some extent, enough to keep the audience in raptures of laughter while telling the stories.
 Miss M. Wood again read the "Historical Sketch" of the School Section No. 5 with more than usual addresses were given by Mrs. Fred Brandon of Galt, a former teacher, also Miss Mabel Wright, the last teacher.
 Rev. Mr. Kennedy of Sonja, formerly of Alberta, told of the centennial celebration in his country and advised having one here.
 Fred Allen, of Vancouver, gave an address in which he strongly deprecated the use of the Bible in the schools.
 Mr. McLean, a brother of Mr. John (Burton) McLean, of Winnipeg, addressed the audience in the absence of his brother.
 Readings were given by Miss Sarah Wyle of Brandon, and Helen Brooks. A fine solo was rendered by Mr. Clare Thompson, of Brooks, a former pupil of Mrs. Shiden, with her son and grandson, entertained with their dancing, accompanied by Graphical Shiden on his violin and the pianist Mrs. C. Johnson.
 Messrs. Colin McDonald and Neil McDonald, two older residents joined in a Gaelic conversation which was quite interesting.
 Prizes were awarded Mrs. A. Lake, a former pupil coming from the greatest distance, also to Miss Thompson as being the oldest pupil present. A picture gallery was shown the church, displaying the pictures of school groups with their teachers and a number of other photos taken during former school days, also those of older residents, the Rev. Mr. McGeorge being one.
